BUSINESS FUNDING / QUICK OVERVIEW

Your next business move. A clearer path to funding.

Inventory, equipment, payroll, expansion or a customer-payment gap - start with the amount and purpose you need.

How much could I receive?

$5,000 - $5,000,000
Published program range. Your amount depends on revenue, cash flow, business history and underwriting.

How quickly?

As fast as the same business day
For some complete, approved files after all conditions are met. Review and bank processing can take longer.

Who should consider applying?

Current starting guidelines:
3+ months in business | $10,000+ monthly revenue | 500+ personal credit score

Businesses across many industries may be considered, including restaurants, retail, construction, trucking and services. Program, industry and state requirements vary; meeting these guidelines does not guarantee approval.

Funding options

Revenue-based financing, term loans, equipment financing and collateral-backed business funding, depending on fit and availability. Wallvestment evaluates the request and guides the process; the actual offer identifies the provider and terms.

APPLY / PREPARE / REVIEW

Four steps. One clear next action.

Have these basics ready and let us review the fit for your business.

1 / Apply online

Complete the business and owner information, funding amount and purpose. Read the required authorizations and submit.

2 / Supply the documents

Start with 3-4 recent, complete business bank statements. A valid ID, business bank verification and other records may be requested.

3 / Review your options

If qualified, compare cash received, total cost, payments, duration and conditions. Ask questions before accepting.

4 / Finish and receive funding

Complete signatures, verification and remaining underwriting conditions. Funds are released to the verified business account after final approval.

Before you start

Disclose current financing and payments. You can start the application and follow the provided instructions for missing documents. Initial pre-qualification uses a soft credit inquiry; confirm any later provider credit check.

Use the secure upload for private documents. Never post bank records or ID in comments, or share banking passwords or one-time codes.
